POWER

TOOLS

ROK

POWER TOOLS

Introduction

Electaserv launched ROK in June of 2008 and has continued to increase market share through the excellent quality, service and advice from our National Sales Team. Electaserv has positioned ROK power tools at a mid range level catering for both DIY and lower level trade user.

ROK Power Tools currently supply the market in the following categories; Power Garden, Portable Power Tools, Bench Top Machinery, Industrial - Cement Mixer, Cooling-Fans.

Our warranty procedure ensures a quick and easy answer for the end user in turn giving your staff more time to focus on customer service.

Further information can be found on our website www.rokpowertools.com.au

ROK Video's How to

Warranty Procedure

24 months Home User replacement warranty on portable Electric tools.

If a store deems that a product is faulty within the warranty period and not from user misuse, they can immediately replace the product.

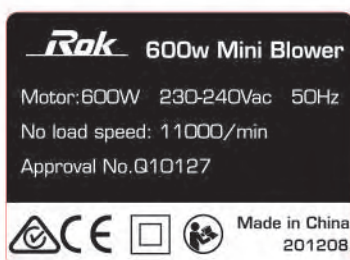

To claim the faulty product simply remove the Compliance Plate (shown below) from the product and post it along with your credit claim and a copy of the customers receipt to PO Box 842, Morningside, QLD, 4170. The claim will be processed within 14 days of receiving your claim and tags.

12 months Home User repair warranty on Petrol, Bench Top & Industrial.

For all warranty enquires regarding Petrol, Bench Top and Industrial products contact our internal sales team on (07) 3906 2999 for further instruction.

6 month Trade User replacement warranty

if a store deems that a product is faulty within the 6 month warranty period and not from user misuse, they can immediately replace the product. Follow the procedure detailed previously under the 24 month home user replacement warranty to claim the faulty product.

WARRANTY PROCEDURE

System Link Warranty Procedure

- 24 Month Home User replacement warranty on portable power tools
- If a fault occurs, the battery or skin can be replaced.
- If a kit is deemed faulty we will replace the component that is faulty. For example, an 18v Cordless Drill Kit with a faulty battery. We replace the battery ONLY.
- Should a store wish to replace an item immediately they can remove 1 part from an existing kit they have in stock. Electaserv can then send the store the replacement part to complete the kit again. (Should the store not have skins on range)
- For further guidance relating to warranty replacements stores can contact our head office on **(07) 3906 2999**.

To claim the faulty product simply remove the Compliance Plate [show below] from the product and post it along with your credit claim and a copy of the customers receipt to PO Box 842, Morningside, QLD, 4170. The claim will be processed within 14 days of receiving your claim and tags.

HAND TOOLS

Introduction

Electaserv has over 40 years experience in the hand tool category providing extensive ranges to the national market during this time.

"Built" Hand tools were launched in 2012, the range has been developed from years of experience in monitoring top-moving lines in various markets.

This knowledge has enabled us to best develop a hand tool range that not only achieves our required quality standard and price but also cuts through the market with a branding that is easily identified and appealing to the consumer.

Our research indicates that consumers make a connection through the following.

Built Hand tools - Building, Timber, Trade, Strength, Stability, Solid, Established.

The packaging of each product has taken into account both required product information and the need to optimize hanging space in store.

Further information can be found on our website at www.electaserv.com.au

GreenLeaf

GARDEN RURAL & LEISURE

Introduction

Electaserv has over 30 years experience in the garden tool market, providing extensive ranges over this period.

"Greenleaf" tools were launched in 2010, the range has been developed from years of experience in monitoring top-moving lines in various markets.

This knowledge has enabled us to best develop Outdoor & Garden range that not only achieves our required quality standard and price but also cuts through the market with a branding that is easily identified and appealing to the consumer.

Our research indicates that consumers make a connection through the following.

Greenleaf Garden & Leisure - Natural, Earthy, Outdoors, Nature, Peaceful, Energized.

The packaging of each product has taken into account both required product information and the need to optimize hanging space in store.

Further information can be found on our website at www.electaserv.com.au

CLEANING

PRODUCTS

CLEANING PRODUCTS

Introduction

Queen Cleaning is an Australian owned company that has been trading for over 50 years. Having expanded over the years to include a broad variety of cleaning products designed to meet consumer demand.

The Queen range is a mix of tradition with function, innovation and design. Queen currently offers top quality millet brooms, entry price level core cleaning lines, trade quality natural fibre industrial brooms and an ever growing storage category.

Further information can be found on our website at www.electaserv.com.au
